ACKNOWLEDGEMENT OF TOWN OF FORT MYERS BEACH REGULATIONS BY THE PROPERTY OWNER

NOTICE OF ADDITIONAL RESTRICTIONS: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that maybe found in the public records of this County, and there may be additional permits required from other governmental entities such as the Water Management District, State agencies, or Federal agencies.

WARNING OF WORK IN THE COUNTY RIGHT-OF-WAYS: This permit does not authorize construction or installation of any structure or utility, above or below ground, within any right of way or easement reserved for access, drainage or utility purposes. This restriction specifically prohibits fencing, sprinkler systems, landscaping other than sod, signs, water, sewer, cable and drainage work therein. If such improvements are necessary, a separate permit for that purpose must be obtained from the Building Department.

NOTICE OF CLEARING RESTRICTIONS: Issuance of a Demolition Permit for a structure does not authorize removal of vegetation beyond the footprint of the structure. A Demo Permit is not a clearing permit.

INSPECTIONS This permit is void if the first inspection is not made within six (6) months from the date issued or if no inspection has been made for a period of six (6) months from the most recently passed inspection. The permit is void if the zoning classification is violated. Applicant agrees to comply with the sanitary regulations and understands that the proposed structure may not be used or occupied until an approved certificate of occupancy is issued.

Applicant further understands that failure to obtain permit or misrepresentation of the improvements is a misdemeanor and upon conviction, applicant can be punished as provided by the law. Failure to comply with the mechanics lien law can result in the property owner paying twice for improvements

WORK IN THE SPECIAL FLOOD HAZARD AREA: Be advised that Substantial Damage/Substantial Improvement requirements will apply to structures located in the Special Flood Hazard Area with Finished Floor Elevations below the Base Flood Elevation.

CERTIFICATION: Application is hereby made to obtain a permit to do the work and installations as indicated. I, THE PROPERTY OWNER, certify that I have not performed any work or installation prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction in this jurisdiction. The permit or application fee may have additional fees imposed for failing to obtain permits prior to commencement of construction. The permit application or approved permit expires if work is not commenced within 180 days from the date of issuance. I, THE PROPERTY OWNER understand that the structure cannot be used or occupied until a certificate of occupancy is issued. By signing this permit application, I, THE PROPERTY OWNER, agree that I have been retained by the property owner to provide contracting services for the trade for which I am listed. Furthermore, it is my responsibility to notify the Building Plan Review and Inspection Division should I no longer be THE PROPERTY OWNER responsible for providing said contracting services. I, THE PROPERTY OWNER, agree that I understand the review and issuing of this permit does not exempt me from complying with all State and local County Codes and Ordinances.
